International choreographic contest Dance Factory is held on the Spanish coast Costa Brava. It is a tension and rejoicing, a triumph and tears of happiness, dizziness from success and immersion in a grand atmosphere of an international competition, feelings that thousands of motivated performers experience in one of the most prestigious contests in Europe.

⚠ We give our priority to learning and sharing experiences. At this contest a big attention is paid to the educational program. The event includes master classes, workshops, rehearsals of joint numbers with foreign specialists with world names, whom we invite to upgrade the skills of the contestants and additional qualification of teachers. Teachers who have completed the master classes receive a certificate on a stamped paper of the Kingdom of Spain with individual numbers.

All of them go through unforgettable moments as it's a meeting of different creative tendencies and styles! All the participants of the contest get an independent and professional valuation of international jury who work according to an accurately considered valuation system which has been developed by us for many years and which guarantees the highest quality of judging.

International choreographic contest Dance Factory in the kingdom of Spain is a cultural event which presents the work of choreographic teams. The main purpose of the festival is the demonstration of art to the audience and also the experience exchange among experts in the field of choreography.

Every year Fiestalonia invites one of the leading and most renowned choreographers in the world, to become a member of the board of the jury and give a master class(es) in their field.

All of our programs consist of two parts:

1. Participation in the competition and festival
2. Participation in the Festival without competing in the competition*.

* For those who don't want to participate in the competitive program, but wish to participate in the festival. They will still participate in the other festival activities including: joint rehearsals, workshops and master classes, where they receive advice and an official certificate from the renowned international experts during a brief discussion in an open and friendly atmosphere.
