International choreographic contest “INTERNATIONAL DANCE GAMES”®. The **International Dance Games** is a choreographic dance contest that embodies the Olympic spirit of fair competition among dance groups from across the globe. The contest’s goal is to inspire young dancers to bring their dreams to life, showcase their talents to the world, and provide opportunities for group leaders to share experiences.

Through the art of dance, this international event promotes peace, friendship, and solidarity among nations, and encourages cultural exchange. Choreographic groups from different countries meet on the **International Dance Games** and come together to celebrate the joy of dance and to contribute to a world of peace and understanding. Dance is a universal language that brings people from all over the world together.

⚠️ We give our priority to learning and sharing experiences. At this contest a big attention is paid to the educational program. The event includes master classes, workshops, rehearsals of joint numbers with foreign specialists with world names, whom we invite to upgrade the skills of the contestants and additional qualification of teachers. Teachers who have completed the master classes receive a

certificate on a stamped paper of the Kingdom of Spain with individual numbers.

The important role in this dance contest is assigned to the jury, consisting of well-known professionals in the field of dance, who possess great experience and knowledge. The **jury** evaluates the technique, musicality, emotionality, and originality of the performances, helping to identify the most talented and deserving participants.

Participation in the competition and receiving prizes can become an important career step for young dancers. That is why participation and **sponsorship** support of talented and promising participants are so important.

The dance contest is held once a year moving from one country to another.

All of our programs consist of two parts:

1. Participation in the competition and festival
2. Participation in the Festival without competing in the competition*.

* For those who don't want to participate in the competitive program, but wish to participate in the festival. They will still participate in the other festival activities including: joint rehearsals, workshops and master classes, where they receive advice and an official certificate from the renowned international experts during a brief discussion in an open and friendly atmosphere. Non competing participants will also perform at international friendship concerts combining different kinds of art. Communication with other participants, an open exchange of experience as well as a lot of master classes with internationally recognized experts, will certainly bring you to a whole new level of creativity!
